Baccalaureate graduates of Cal State L.A. who maintain an outstanding academic record while earning their degrees are accorded special recognition upon graduation. These honors, designed on the diploma and the permanent academic record, are granted to the top ten percent of all graduates in each school. These percentages are calculated only once for each academic year. The following lists those students who graduated in the Summer 2002, Fall 2002 and Winter 2003 Quarters and qualified for graduation with honors and those students who may qualify for graduation with honors when final grades for the Spring 2003 Quarter and Summer 2003 quarter have been recorded, subsequent to Commencement. *Inclusion in this list does not guarantee graduation with honors, nor is this list inclusive.*
